DUST SUPPRESSION TECHNOLOGY

Constant Pressure Portable Water Supply Unit

HOSE 2 GO

A constant pressure water supply unit ideal for the hire and rental industry as a dust suppression tool and portable water supply.

The Hose 2 Go has a constant flow of water that allows you to suppress the dust when cutting, core drilling and grinding concrete.

It's different to every other product on the market because it provides a constant water flow without the use of a pump, battery or electronics.

An easy to use dust suppression tool and portable water supply, which has a handle with two easy carrying positions.

SIMPLE TO USE

- ✓ No pump which means greater reliability
- ✓ No complicated electrics to breakdown
- ✓ No battery to go flat and expensive replacements
- ✓ No need to manually pump to get the water pressure you need
- ✓ 14 litre capacity and up to 30 minutes of constant flowing water
- ✓ The Hose 2 Go is Australian designed

“ The most innovative product to hit the hire and rental industry for a long time. ”
