

## Rhino 120-11 Hot Water Pressure Cleaner Single Phase

### Features

- Rugged steel frame
- High efficiency vertical boiler
- Double helix 3/8 steel coil
- High pressure detergent application
- Interpump low speed ceramic plunger pump
- Low fuel indicator
- Delayed stop protects pump from excessive shock loading
- Steam valve as standard

### Specifications

**Maximum Pressure:** 120 bar (1750 psi)

**Flow:** 11 lit/min

**Motor Type:** Electric

**Motor Power:** 2.2kW

**Voltage:** 230-240V 50Hz

**Pump Make:** Interpump

**Pump Speed:** 1440 RPM

**Max Temperature:** 100 °C

**High Pressure Hose Type:** 3/8 in two wire braid

**High Pressure Hose Length:** 10m

**Frame Type:** Powder coated / Stainless steel cover

**Wheels:** 4

**Length:** 910mm

**Width:** 600mm

**Height:** 810mm

**Weight:** 125kg
